

# Microsoft Edge

**Hire a new browser for your workplace.**

**Performance you can count on**

Access your organization's legacy sites and apps all in the same browser. Enjoy world class compatibility for sites and extensions as you work on the web.

**Worry less and work more**

The new Microsoft Edge provides security tools that help to keep you safe at work while offering more control over your privacy.

**A portal for productivity**

Connect your new tab page to show Office 365 to take advantage of intelligent recommendations, access to recent and shared files, and pinned corporate sites.

**Your new browser is waiting, find  
Microsoft Edge with your other apps to try.**
